

## Junior Funding and Corporate Strategy Intern Role PT Provident Investasi Bersama Tbk

### Parent Co Description

Provident Capital Partners (“**Provident**”) is an investment group established in 2004. Provident typically builds businesses from start-up and continues to control and actively manage the businesses for indefinite periods (no fixed exit timelines).

Provident is involved in industries including digital infrastructure (telecom towers, fiber and data centres), mining and downstream processing (copper, gold, nickel and battery materials downstream processing), as well as biomass production and trading. Activities are primarily in Indonesia.

### Company Description

PT Provident Investasi Bersama Tbk. (IDX: PALM) is Provident’s listed investment vehicle as well as an avenue to raise capital across public equity and debt markets. The company actively issues IDR bonds and provides strategic and management support to its portfolio companies.

### Job Description

We seek to hire intern(s) to join the team under PT Provident Investasi Bersama. Candidates should have strong analytical skills, a good understanding of corporate finance and business development, the ability to thrive in a fast-paced, dynamic environment, and be self-sufficient while being a team-player.

This is a unique position where you will work across multiple product types, mainly in debt and equity market fundraising across multiple industry verticals. This role sits within a team primarily based in Jakarta.

Typical responsibilities include, among others:

1. Conduct financial analysis, market research, monitor portfolio companies, assist/support/maintain close relationships with portfolio companies/ecosystem partners and other stakeholders;
2. Prepare transaction proposals and other presentation materials;
3. Review and/or assist in preparation of transaction documents including loan agreements, bond prospectuses, etc.; and
4. Reviewing periodic performance of Provident Investasi’s portfolio companies.

### Qualifications

- Preferably year 3/year 4 students;
- Minimum availability period of 3 months;
- Preferably one relevant experience in IB/corporate finance/consulting/private equity firm;
- Strong interest in and understanding of the Indonesian market and business environment;
- Strong analytical capabilities to process information and understand business models;
- Business fluency in English and Bahasa Indonesia;
- Extensive working knowledge of Powerpoint, Excel and Microsoft Word. Financial modelling, valuation analysis and due diligence experience would be advantageous;
- Strong attention to details and keen sense of ownership and drive;
- Enthusiastic problem-solver, able to navigate through new situations with no precedent; and
- Excellent communication skills with the ability to interact, liaise and build strong relationships with all levels of management across the business.
